Garden Nurture[™]

Soil Inoculant

Enables legume plants to produce their own organic source of nitrogen, leading to lush vine growth and greater yields.

Yield booster for garden peas, beans & peanuts

ACTIVE INGREDIENTS	By Wt.
Bradyrhizobium sp., Rhizobium leguminosarum, R. phaseoli	> 1.00%
INERT INGREDIENTS.....	99.00%
TOTAL	100.00%

Contains a minimum of 1x10⁹ or 100 million Bradyrhizobium sp., Rhizobium leguminosarum, and R. phaseoli per gram.

See back panel for application instructions.

NET WEIGHT: 10 oz. (238g)

#61034

Garden Nurture™ Soil Inoculant

Garden Nurture™ Soil Inoculant aids in the growth and production of all varieties of garden beans, peas, and peanuts. It contains millions of live bacteria that are essential in the nitrogen fixing process of garden legume plants. These bacteria, when properly placed in the root zone area of the soil, will actively convert atmospheric nitrogen into a usable form for the plant. This enables the plant to produce its own organic source of nitrogen and leads to lush vine growth and ultimately greater yields.

APPLICATION INSTRUCTIONS

Prepare the seed bed for planting. Make a furrow and plant legume seed into the furrow without covering the seed with soil. Apply Garden Nurture Soil Inoculant in the furrow next to the seed. Apply ample amounts to ensure proper nodulation of emerging roots. Overapplication is not detrimental and has shown to be beneficial. Cover the seed and inoculant with the soil. To ensure optimal performance of Garden Nurture Soil Inoculant, water plants as directed throughout the growing season.

Storage and Usage Guidelines

Store in a cool, dry place out of direct sunlight. Do not open until ready to use. Do not use after expiration date. Do not mix with caustic fertilizers or pesticides. Use specifically on legume seeds.

Our Promise to You

Your satisfaction is guaranteed. If you're not happy with one of our products, we'll replace it or provide a merchandise credit for the full amount of your purchase price. All plants, seeds and merchandise are guaranteed for one full year.
