PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: CAUTION

Causes moderate eye irritation. Avoid contact with skin and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

Environmental Hazards This product is toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. Do not use or store near heat or open flame.

PRECAUTIONS:

- Some varieties of grapes and cucurbits are sensitive to sulfur and some plant damage may occur.
 - Use care or do not spray on sulfur sensitive plants. If not sure, test spray a few leaves 2 days before spraying the entire plant.
- RESTRICTIONS:**
- Do not apply directly to or near water. Drift and run-off may be hazardous to fish in water adjacent to treated areas.
 - Do not use if temperatures are expected to be over 90°F.
 - Do not apply to strawberry fruit that will be used for canning.
 - Do not spray plants with Rose and Ornamental Plant Spray within 21 days of an oil spray.
 - Do not make applications during rain.
 - Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
 - Do not allow adults, children to pets to enter the treated area until sprays have dried.
 - Do not wet plants to the point of runoff or drip.
 - Do not wet the treated area to the point of runoff.
 - Not for use in outdoor residential misting systems

For use only on residential lawns and gardens. Not for use on agricultural establishments growing agricultural crops or commodities for resale.

Directions For Use:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Shake well before using.

FOR CONTROL OF FUNGAL DISEASES:

When high levels of disease are present, or during periods of wet weather, mix 5 fluid oz of product with 1 gallon of water and shake well. During drier weather or when low levels of disease are present, mix 2.5 fluid oz product with 1 gallon of water and shake well. Thoroughly spray all areas of the plant, especially new shoots. For best control apply as protective spray early in the season before the diseases are noticed. Re-spray every 7 to 10 days or after rain. May be used up to day before harvest.

FOR CONTROL OF INSECT/MITES:

Dilute product by mixing 5 fluid oz product with 1 gallon water. Shake well. Thoroughly spray all areas of the plant, especially new shoots and the underside of leaves. Pests need to be contacted by the spray to be controlled.

USE SITE - INDOOR, OUTDOOR AND GREENHOUSE	PEST	DISEASE
FRUIT AND NUT TREES: almond, apple, avocados, cherry, citrus, oranges, grapefruit, lemon, limes, citron, kumquat, filbert, nectarine, peach, pear, pecans, pistachios, plum, prune, walnut	Ants (excluding fire ants, harvester ants, Pharaoh's ants and carpenter ants), aphids, apple maggots, beetles, mites, moths, spider mites, leafhoppers, leafrollers, leafminers, caterpillars, whiteflies, spittlebugs, mealybugs, scale, thrips, psyllids, plant bugs, fruit flies, earwigs	scab, powdery mildew, rust, blight, leaf spot, brown rot
VEGETABLE AND VINE PLANTS: beans, beets, blackberries, blueberries, broccoli, brussel sprouts, cabbage, carrots, cauliflower, corn, cucurbits (cucumber, melons, pumpkins, and squash), currant, gooseberries, grapes, kale, onions, peas, peppers, potatoes, raspberries, strawberries, tomatoes	Ants (excluding fire ants, harvester ants, Pharaoh's ants and carpenter ants), armyworms, beetles, cabbageworms, squash vine borer, aphids, mites, spider mites, leafhoppers, leafrollers, leafminers, loopers, onion maggots, caterpillars, whiteflies, spittlebugs, mealybugs, scale, thrips, psyllids, plant bugs, fruit flies, earwigs, weevils	powdery mildew, rust, blight, leaf spots

Physical Or Chemical Hazards
Combustible. Do not use or store near heat or open flame.

Directions For Use
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Use Precautions

- Some varieties of grapes and cucurbits are sensitive to sulfur and some plant damage may occur.
- Use care or do not spray on sulfur sensitive plants. If not sure, test spray a few leaves 2 days before spraying the entire plant.

Use Restrictions

- Do not apply to strawberry fruit that will be used for canning.
- Do not wet plants to point of runoff or drip.
- Do not water the treated areas to point of runoff or drip.
- Do not make applications during rain.
- Not for use in outdoor residential misting systems.
- Do not apply more than 10 times per season.
- Do not reapply within 3 days except under extreme pest pressure.
- In case of extreme pest pressure do not reapply within 24 hours.
- Do not apply more than 1 time per day.
- Do not apply more than 18.5 fl. oz. per 100 square feet per application.
- Do not use if temperatures are expected to be over 90°F.

Precautionary Statements
Hazards to Humans and Domestic Animals
CAUTION: Causes moderate eye irritation. Avoid contact with eyes. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

User Safety Recommendations

- Users should wash hands with plenty of soap and water before eating, drinking, chewing gum, using tobacco or using the toilet.
- Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Environmental Hazards
This product is toxic to aquatic organisms, including fish and invertebrates. Do not contaminate water when disposing of equipment, washwater, or rinsate. Do not apply directly to or near water. Drift and run-off may be hazardous to fish in water adjacent to treated areas. See Directions for Use for additional precautions and requirements.

- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
- Remove pets, birds, and cover aquariums before spraying.
- Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.
- Do not apply directly to or near water, storm drains, or drainage ditches. Do not apply when windy. To prevent product runoff, do not over water treated area(s) or apply prior to heavy rainfall.
- Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- Do not allow adults, children or pets to enter the treated area until sprays have dried.
- Do not spray plants with Rose and Ornamental Plant Spray Ready-To-Use within 21 days of an oil spray.

For Control Of Fungal Diseases:
Controls a wide range of fungal diseases including: blackspot, powdery mildew, rust, scab, blight, brown rot and leaf spot. Thoroughly spray all areas of the plant, especially new shoots. For best control apply as a protective

spray early in the season before the diseases are noticed. Re-spray every 7 to 10 days or after rain. May be used up to day before harvest.

For Control Of Insect/Mites:
Controls a wide range of pests including: ants (excluding fire ants, harvester ants, Pharaoh's ants and carpenter ants), aphids (including green peach aphids), armyworms, bagworms, beet armyworms, beetles (including asparagus beetles, bean beetles, blister beetles, Colorado potato beetles, 12-spotted cucumber beetles, cucumber beetles, darkling beetles (lesser mealworm), saw-toothed grain beetles, elm leaf beetles, flea beetles, Japanese beetles, Mexican and bean beetles), blow flies, borers (including European corn borers and squash vine borers), cabbage loopers, cabbageworms (including cross-striped cabbageworms and imported cabbageworms), cankerworms, caterpillars (including Eastern tent caterpillars, forest caterpillars and tent caterpillars), crane flies, crickets, diamondback moth larvae, earwigs, fireworms, fungus gnats, fruit flies, glassy winged sharpshooters, grape leaf skeletonizers, green fruit worms, harlequin bugs, hornworms including tomato hornworms, katydids, lace bugs, leafhoppers (including grape leafhoppers and potato leafhoppers),

To the extent consistent with applicable law, seller warrants that this product conforms to the chemical description on this label and is reasonably fit for the purposes stated on this label only when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label directions, or under conditions not reasonably foreseeable to seller. To the extent consistent with applicable law, seller makes no other warranties, either express or implied.
