Foliar Lawns Alive!™ Fertilizer

Healthy soil is the first step toward a beautiful lawn and garden. Foliar Lawns Alive!™ Fertilizer is derived from pure earthworm castings. This liquid formulation allows for quick and easy application on lawns and gardens.

- Enhances plant growth.
- Promotes robust root development.
- Safe for use around humans and pets.
- Enhances the microbial population of rhizosphere reducing plant susceptibility to disease.

Foliar Lawns Alive!™ Fertilizer can be used on a variety of grasses, fruits, vegetables, trees and ornamentals including:

Grass: all fescue grasses and turf.

Vegetables: asparagus, beans, peas, carrots, garlic, onions, corn, celery, radishes, broccoli, brussels sprouts, cucumbers, eggplant, melons, potatoes and tomatoes.

Herbs: basil, chives, cilantro, dill, fennel, marjoram, nutmeg, parsley, pepper, rosemary, saffron, sage, savory, sweet bay and tarragon.

Fruit: apples, bananas, grapes, grapefruit, lemons, oranges, tangelos, tangerines, blackberries, gooseberries, currents, raspberries, blueberries, cherries, strawberries, apricots, nectarines, peaches, plums and pears.

Nut Trees: almond, cashew, chestnuts, coconuts, hazelnuts, macadamia, pecans, pistachio and walnut.

Ornamentals: roses, flowers, trees and shrubs.

Directions for Use

Spray: Mix 4 ounces Foliar Lawns Alive!™ Fertilizer to 1 gallon of water. Spray on foliage and soil surface around plants. Also spray on lawn and shrubs after each cutting. Apply every 7-10 days.

Drench: Mix 2 ounces Foliar Lawns Alive!™ Fertilizer to 1 gallon of water and water as needed. Apply every 7-10 days.

Special Applications: Mix 8 ounces Foliar Lawns Alive!™ Fertilizer to 1 gallon of water and dip transplant roots before planting. Can also be applied to compost to increase microbial activity.
