Roses Alive!™ **All-Natural Fertilizer (3-5-3)**

APPLICATION INSTRUCTIONS

Existing plantings:

- Before the spring blooming period, sprinkle 1½–2 cups of Roses Alive! in a ring around the area below each rose's outer leaves and scratch into the soil surface. Cover the soil with mulch to help keep nutrients available to your rose. Repeat the same procedure before the fall blooming period.
- For maximum results, add 1 cup of Roses Alive! during both spring and fall blooming periods.
