

NOURISH YOUR **SOIL**

gardens alive![®]

Fruit-Boost[™]

Pelletized Calcium

Helps maintain the balance of the soil, neutralizes cell acids, and is essential for strong cell walls.

APPLICATION INSTRUCTIONS

New Transplants:

- Apply at planting time at the rate of 2 ozs. per transplant.

Existing plantings:

- For established apple trees, scatter 2 lbs. at the dripline, annually in spring.

GUARANTEED ANALYSIS

Calcium (Ca) 38.0%

Derived from Calcium Carbonate

Prevents blossom-end rot and bitter apple pits
