Re-Blooming & Continuous Blooming Roses

Make Me Blush™

Weeks Roses

2024 Wholesale Rose Catalog
Cosmic Clouds™
Large Shrub/Climber • cv. WEKblufstow • PPAF

A brand new shrub rose that shows off a different color combination at every angle. With rich pink flowers offering up a cloud-white reverse, Cosmic Clouds Shrub rose adds intrigue as well as volume to the rose garden. Cosmic Clouds can be trained as a climber in zones 8-10, and in colder zones, it performs wonderfully as a large shrub. Flowers appear in medium or large clusters, grouped in sets of three to ten blooms. Extremely full, each rose blossom is packed with over 75 petals and opens up to three inches in size. Cosmic Clouds is a fragrance fan’s dream, with a strong, fruity scent that lasts in the vase. This rose fights off powdery mildew, downy mildew, and rust with ease.

**Flower Color:** Magenta-purple fading deep purple with white reverse.

**Height/Habit:** Medium-tall sized plant with a bushy upright moderately spreading habit. Long stems covered with medium glossy green foliage.

**Bloom/Size:** Large clusters of full, globular, cuppy & very double, medium-sized flowers of 2½-3 inch diameter. 70 to 85 petals.

**Re-Bloomer:** Repeat blooms throughout season.

**Fragrance:** Strong fruity (Rating: 10/10).

**Cut Flower:** No.

**Miss Manners™**

*Grandiflora • cv. WEKamylcas • PPAF*

It was once opined that the sign of good manners is the ability to put up with bad ones. **Miss Manners** Grandiflora can take your rudest winters and most impolite garden pests with grace and poise. This Grandiflora starts the season with shapely buds that open to flowers of up to 60 petals each. An attractive and compact rose, **Miss Manners** produces deep pink roses with an old-fashioned, English-style appearance and a moderate, fruity fragrance. Hardiness to at least Zone 6, along with excellent disease resistance to powdery mildew, downy mildew, and rust make this rose both strong and beautiful. You’ll enjoy excellent color retention, too.

**Flower Color:** Medium pink.

**Height/Habit:** Medium-sized plant with an upright moderately spreading habit.

**Bloom/Size:** Mostly single, old-fashioned, cuppy & fully double flowers. Medium-large in size, around 3½-4½ inch diameter. 40 to 60 petals. Medium-long stems with dark, glossy green foliage.

**Re-Bloomer:** Repeat blooms throughout season.

**Fragrance:** Moderate fruity & spices (Rating: 5/10).

**Cut Flower:** Yes.

**Quest for Zest™**
Grandiflora • cv. WEKsecjuc • PPAF

Large flowers, some single on a stem, others in cluster of 2 or 3 per stem, all perfect for bouquets to fill your home with delightful strong lemon-citrus/fruity fragrance! The large zesty yellow flowers will invite you to take a closer look, and the “off-the-charts” lemon fragrance will make you want to stay. Spiraled, double flowers add elegance in your yard or in your home as cut flowers. Upright, moderately spreading growth habit and very glossy, medium green leaves, combined with the large flower size, make this Grandiflora a fresh, new addition to our Grandiflora collection. **Quest for Zest** has excellent vigor, very strong zesty lemon fragrance, and disease tolerance - a seldom found combination for a Grandiflora rose. She just might be the new Grandiflora that you’ve been looking for!

**Flower Color:** Yellow with lighter outer petals.  
**Height/Habit:** Medium-tall sized plant with an upright moderately spreading habit. Medium stems with very glossy medium green foliage.

**Snow Pavement™**
Rugosa • cv. WEK • PPAF

Snow Pavement is a re-blooming rose with good vigor, disease resistance, and strong clove fragrance. Typically grows to 2 ½ foot tall with a dense, upright, slightly spreading, rounded growth habit. A proven performer in beds or borders or along paths and sidewalks as low hedges. Double flowers open blush pink, gradually changing to white, and repeat bloom throughout the summer into autumn. Showy rose hips appear in autumn. Healthy green foliage is very tolerant of salt in coastal locations and where winter salt is used along roads and driveways. Can be grown from zone 3 all the way to 9!

**Flower Color:** Blush pink fading to white.  
**Height/Habit:** Rounded, upright habit, 2 1/2 to 3 foot tall x 3 ft wide.  
**Bloom/Size:** Medium-sized, semi double flowers.  
**Re-Bloomer:** Repeat blooms throughout season.  
**Fragrance:** Strong clove (Rating: 10/10).

2024 Rose Introductions
The world of roses is ever-changing. Each year rose lovers are blessed with dozens of new introductions of all classes & colors with an increasing selection of fragrant & disease-resistant roses. The Weeks Roses breeding program is very honored to have won prestigious awards all across the globe. Throughout our catalog you will see icons indicating awards our rose have won. Below you will find information on the organizations behind the awards.

**Weeks Roses**
*New for 2024*
*Wasco, CA*

Each year Weeks Roses evaluates 175,000 seedlings from our breeding program. After 8 to 10 years of rigorous further evaluation, only 4 to 6 varieties are chosen for introduction. New varieties must be superior to other roses to be chosen as a Weeks New variety. These roses are denoted by this icon.

**American Garden Rose Selections (AGRS)**
*Multiple Locations*

Rose varieties credited with the AGRS award are those that have produced outstanding results in numerous growing environments across the United States. The vigorous testing provides credible insight and is a key indicator of the most reliable rose varieties in the country.

**International Fragrant Rose Trials**
*Nagaoka, Japan*

The International Fragrant Rose Trials were started to encourage the appreciation of the beauty of fragrant roses, and to further develop the fragrant rose garden at Echigo Hillside Park. All roses are planted and brought up for two years under exactly the same conditions in the snowy and cold region of Japan.

**American Rose Trials for Sustainability (ARTS)**
*Portland, Maine*

Two ARTS awards are offered annually. Regional winners are varieties that average better overall score than a local control rose planted in an ARTS trial garden. ARTS Master Roses are exceptional varieties that outperform a control rose across four different climate regions.

**Royal Horticulture Society Award of Garden Merit**
*Wisely, United Kingdom*

The RHS Award of Garden Merit helps gardeners in the United Kingdom chose not only the best roses for their gardens but the best plants. Awards are given after a trial period and a round table discussion to debate the characteristics and garden performance that the Society is unable to trial.

**Portland’s Best Rose**
*Portland, OR*

For 115 years, the Portland Rose Society has maintained a high-quality and well sought-after awards program. This annual award is presented to rose varieties that demonstrate superior results when grown in the Pacific Northwest region. Every distinguished variety is honored with inclusion in the Gold Award Garden.

**All-America Rose Selections (AARS)**
*Multiple Locations*

For over 70 years, the AARS was the preeminent trialing and awards program. Rose varieties were evaluated over a two-year period on numerous characteristics, including hardiness, flower, & fragrance.

**Biltmore International Rose Trials**
*Ashville, NC*

Biltmore International Rose Trial were hosted in the rose gardens at Biltmore. A independent jury tested and scored planted varieties with the goal of providing baseline criteria to home gardeners about which roses produce the strongest results.

**Portland’s Best Rose**
*Portland, OR*

For 115 years, the Portland Rose Society has maintained a high-quality and well sought-after awards program. This annual award is presented to rose varieties that demonstrate superior results when grown in the Pacific Northwest region. Every distinguished variety is honored with inclusion in the Gold Award Garden.

All My Loving™
Hybrid Tea • cv. FRYrapture • PPAF

Classically formed flowers on long stems are perfect for bouquets. Produces an abundance of large, dazzling pink flowers throughout the growing season. Classically shaped flowers are held up high above foliage creating an eye-catching show. Easy to cut since the long-stemmed flowers are held high on top of the plant. All My Loving is a true Hybrid Tea with one large flower per stem. Whether you live in a colder rainy area of the country, or the sunshine state of California, the petal color will stay true until the petals drop. Attractive, large clean leaves and overall excellent vigor, insures a profuse number of blooms.

**Color:** Light red to dark pink
**Height/Habit:** Tall/Upright to slightly spreading
**Bloom/Size:** Large, 4-5”/Single, high centered & fully double (30 to 40 petals)
**Re-Bloomer:** Repeat blooms throughout season

Anna’s Promise®
Grandiflora • cv. WEKdoofat • Pat.#27,865

With a ‘dad’ like the AARS winner About Face, you can only expect the new rose ‘kid’ to be GREAT. The ‘kid’ inherited the novel golden tan with copper reverse flower colors of ‘dad’ but the ‘son’ has larger flowers and improved flower form. The sweet & spicy, fruity fragrance will freshen up your garden. It’s like having a basket full of juicy grapefruit and freshly sliced apples under your nose! Also stunning as a centerpiece bouquet. The new vigorous and prolific bloomer rose ‘baby’ is well clothed with clean deep glossy green foliage. Blooms prolifically throughout the growing season.

**Flower Color:** Bicolor golden tan & pink blush with a copper reverse
**Height/Habit:** 5’/Very rounded & bushy
**Bloom/Size:** Medium/Double, single or in small clusters (Around 35 petals)
**Re-Bloomer:** Repeat blooms throughout season
**Fragrance:** Moderately spicy (Rating: 5/10)

Barbra Streisand
Hybrid Tea

Avid rose lover, Barbra Streisand, was very choosy when it came to picking her rose namesake. The large long-stemmed lavender blooms can nearly over-power you with the strong rose & citrus blossom fragrance. Her vigorous plant bears loads of long-stemmed beauties surrounded by deep glossy green leaves. Flower color & size do best in milder temperatures. Very fragrant, with striking foliage, dramatic in a vase or in outdoor beds. Minimal thorns.

Flower Color: Rich lavender blushing darker  
Height/Habit: Medium/Upright, bushy  
Bloom/Size: Large, fully double (25 to 30 petals)  
Re-Bloomer: Repeat blooms throughout season  
Fragrance: Strong rose & citrus blossom  
(Rating: 10/10)  
Cut Flower: Yes

Blue Girl
Hybrid Tea • Non-Patented

Although disguised under the guise of ‘blue’, the clear clean lavender tones and large blooms produced by this vigorous plant makes her a breakthrough in the older lavender roses. Best form & size in cool weather.

Flower Color: Silvery lilac-lavender  
Height/Habit: Medium/Bushy  
Bloom/Size: Large, double (30 to 35 petals)  
Re-Bloomer: Repeat blooms throughout season  
Fragrance: Lightly fruity (Rating: 1/10)  
Cut Flower: Yes
**Brandy**  
*Hybrid Tea • Non-Patented*

Very lovely large classically-formed flowers possess the richest apricot color yet in roses. Elegant pointed buds are carried atop cutting stems with dark green leaves. Requires protection in harsh climates. Established plants give the most bloom. Best when cool.

**Flower Color:** Blending of warm apricot hues  
**Height/Habit:** Medium-tall/Upright  
**Bloom/Size:** Large, double (25 to 30 petals)  
**Re-Bloomer:** Repeat blooms throughout season

**Ch-Ching!™**
*Grandiflora • cv. WEKyesir • Pat.# 21,989*

With this color sport (mutation) of Strike It Rich, our 2007 AARS winner, you can hit the jackpot again. It cashes in with all the same great plant qualities—same super vigorous bushy clean plant that flowers like a weed. But it’s just a different color—a clear long-lasting even glowing yellow. Very deep red new shoots & dark green leaves set off the many showy clusters of blossoms.

**Flower Color:** Lasting lemon yellow

Some might call it orange-yellow, others yellow-orange—but the scarlet blush ‘served’ at the finish of the flower is ‘game point’. The ‘match’ is completed by a well-behaved clean plant for these showy well-formed blossoms. Deep red new foliage and large green leaves put on the final ‘top-spin’. You’ll ‘love’ it. Better size in cool weather. Consistent color.

Black-red buds spiral open to show off swirls of cream edged & washed with vibrant cherry pink. But that’s not the end of the exhibit on these classically-formed flowers. When the sun strikes the petals, they begin to blush burgundy, finishing as a deep dark red. Put all this color against super-shiny-green foliage with nice long cutting stems and you’ve got a killer combo. Easy to grow & great vigor. Largest flower size in cooler temps.

The love of the rose struck Dr. John Pottschmidt like a ton of bricks, becoming a driving force in his life. One of his many rosy goals was to breed an AARS winner that everyone can enjoy. Dream Come True does just that. Its big clean vigorous bushy plant pumps out loads of long-stemmed scrumptious shapely yellow blooms edged in ruby red. Each eye-catching flower blushes to all-ruby on the finish, giving a multi-colored display that’s truly dreamy in every way. Larger flower size in cooler temps.

**Falling in Love™**

*Hybrid Tea • cv. WEKmoomar • Pat.#19,872*

Whether you’re experiencing it ‘again’ or for the ‘first time’, **Falling in Love** (the rose) makes your heart pitter-patter with its big classically-formed fragrant flowers of warm pink & porcelain white. Each long-lived lovely blossom is regally carried atop sturdy stems, just waiting to be cut & enjoyed ... or maybe just admired in the garden on the bushy attractive plant. Destined to garner its share of awards, we’re certain you’ll swoon over **Falling in Love**. Loads of bloom. Larger size in cooler conditions. Very tall canes in the fall produce spectacular classic Hybrid Tea flowers, perfect for bouquets. Vigorous plants tolerate diseases better than other Hybrid Tea roses.

**Firefighter®**

*Hybrid Tea • cv. ORAdal*

A big super-fragrant long-stemmed rich-red Hybrid Tea is the epitome of the classic rose in many people’s minds. That’s why there could be no better choice for the first sponsorship rose of the ‘Remember Me’ garden fund. Each plant sold will contribute toward the fund’s effort to honor the victims of 9-11. You’ll love the vigorous bushy plant that provides armloads of buxom blossoms. Lots of clean green leaves keep it looking good in the garden, too. Cooler temps give the best red color.

**Flower Color:** Dusky velvet red

**Fun in the Sun®**
*Grandiflora • cv. WEKpupmobalip • Pat.#33,325*

This new Grandiflora maintains its color to the end and provides a delightfully intense, fruity scent, inviting butterflies and other pollinators to the garden. It’s a true English-style rose that contains 60-85 petals in each of its 3-4” flower heads, appearing in clusters of 5 or 6 blooms per stem. True to its name, *Fun in the Sun* thrives in full sun with thorough watering early in the day. It’s perfect for bringing a sophisticated ambiance to border gardens. We love it as an eye-catching focal point in bouquets and vases, too.

**Flower Color:** Gold suffused with pink

Lasting Love®

* Hybrid Tea • cv. ADHarman

Lasting Love is not the bright red of Olympiad, but the powerful perfume will give Mister Lincoln a run for his money. Big showy blooms of blended dusky red and dark pink glimmer against foliage so gloriously glossy it almost looks artificial. Burgundy red new growth makes a most handsome plant for all to enjoy. More red in milder temperatures.

**Legends™**
*Hybrid Tea • cv. WEKsiamia • Pat.#21,816*

Monstrous buds & humungous blossoms of rich ruby red hold their durable brilliance from beginning to end. Immense petals (just one can cover a child’s palm) lend a classical Hybrid Tea bud shape, slowly spiraling open to a ruffled whopper of a show-stopper. Large lettuce-like leaves of an unusual red-green color gracefully enrobe the long cutting stems—in perfect proportion to the flower. Most massive in the spring.

**Flower Color:** Ruby red  
**Height/Habit:** Medium-tall/Upright  
**Bloom/Size:** Massive, full & ruffled (Near 30 petals)  
**Re-Bloomer:** Repeat blooms throughout season

Pop Art™
Grandiflora • cv. WEKgoagroro • Pat. #35,014

Unlike most striped roses, which typically feature red blooms with light yellow striping, the flowers of this unique variety are pastel pink with stripes that are deeper yellow. As a non-clustering Grandiflora, its lush flowers grow one to a stem, not together in bunches. You’ll appreciate how the glossy foliage sets off the blooms so well. Pop Art offers long-lasting colors, a moderately fruity scent, and very strong resistance to diseases such as Rust and Powdery Mildew.

**Flower Color:** Pink & yellow striped  
**Height/Habit:** Medium-tall/Upright moderately spreading  
**Bloom/Size:** Old-fashioned, cuppy & very double/ Large, 4-4½” diameter, mostly single (65 to 75 petals)

Smokin’ Hot®

* Hybrid Tea • cv. WEKmopaga • ©

This rose is the proof of the old adage ‘there’s no smoke without fire’. You can clearly see the smoky purple overlay on the fiery orange petals of Smokin’ Hot. Quite unique! Bring the fire indoors with an attractive bouquet of these novel flowers produced singly on long stems. The plant is a bouquet factory and the flowers will look gorgeous on the table or on the fireplace mantel. But don’t worry, you won’t burn yourself! This rose isn’t just all about flames and smoke. The combustion is cooled down by the glossy medium green background foliage. And just like ‘smoke rises’, so does this upright and very vigorous bush.

**Flower Color:** Dark orange overlaid with purple smoke with white reverse

State of Grace™
Grandiflora • cv. WEKspodotogi • Pat.#32,822

State of Grace exemplifies the improved modern antique style. The stylish, attractive old-fashioned soft apricot-gold blossoms with a dark pink reverse are as beautiful in the garden as in a vase. The old-rose romance, style and fragrance was maintained but we improved the disease-resistance and ensured the plant is very well-balanced with a rounded even habit that is not too tall and rangy so you can still enjoy the prolifically produced blooms at eye level.

**Flower Color:** Soft apricot-gold with dark pink reverse

**Uptown Girl®**
*Grandiflora • cv. WEKabacima • PPAF*

As sweet and fashionable as its namesake, **Uptown Girl** is a must-have for a showy backyard garden or set in front of a bay window. An old-fashioned style rose, **Uptown Girl** blooms with the “quartered” look typical of English roses. Its petals are tucked into a cup shape, in serried ranks with a scalloped appearance. Medium-sized, coral-pink flowers feature a darker reverse and outstanding color retention. If you haven’t tried grandifloras, this is a great beginner’s rose, thanks to its resistance to rust, powdery mildew, and downy mildew. Grandiflora roses are a combination of hybrid teas married with floribundas, and achieve the graceful blooms of a tea with the hardiness and zeal of the floribunda.

**Flower Color:** Warm coral pink with a deeper orange-toned interior

**Height/Habit:** Medium/Rounded & bushy

**Bloom/Size:** Old-fashioned, spiraled & fully double/
Medium-large, around 3½-4½ inch diameter, mostly single (70 to 90 petals)

The tons of lilac pink blossoms of the Arctic Blue rose are like a cold arctic breeze coming to your garden. The cool tones are chilled by the unique lavender blue finish and iced with cream on the reverse of the petals. The flowers hold up well, even in high heat. The very shapely flower buds open slowly, as if they were frozen in time at their most beautiful stage for longer enjoyment; the blooms are attractive to the very end when the opened flowers let go of their petals, showering the ground in iced lavender blue snow. The drought tolerant, vigorous plant is dressed with a glossy green winter jacket of leaves, isolating and protecting the upright bush from mother nature’s diseases, allowing the plant to produce a nonstop flowery snow storm.

**Flower Color:** Lilac pink fading lavender blue with cream reverse

**Height/Habit:** Medium-tall/Upright moderate spreader

**Bloom/Size:** Medium, 3-4” diameter, medium sized clusters (35 to 40 petals)/Spiraled, shapely & double

**Re-Bloomer:** Repeat blooms throughout season

**Fragrance:** Moderate fruity to citrus-like (Rating: 5/10)

No, you’re not hallucinating...a rose that truly resists black spot is no longer just a pipe dream. This pretty-in-pink hybrid battles the dreaded fungus with amazing ease, keeping its medium green leaves all season long — from the top to the bottom of its bushy plant. Shapely buds open to fully double old-fashioned flowers. Thrives best in hot humid summers. Requires hot nights. Black spot free.

**Brilliant Pink Iceberg**  
*Floribunda*

This color mutation of the renowned Iceberg hails from Tasmania. The plant is exactly like its parent in every way but color—same great landscape value, free flowering habit, foliage, flower form & showy clusters. It’s just that the color has been kicked up a notch to a bright cerise pink painted on cream. Color intensifies in cooler conditions.

**Burgundy Iceberg**  
*Floribunda • cv. PROse • Pat.#16,198*

Painted colors of deep purple-red, burgundy & cream, terrific flower power, bushy habit, lovely buds, showy clusters, glossy green foliage and nearly thornless stems. Seems to always be in bloom. Perfect for the landscape—either in mass, standing alone or atop a beautiful tree rose. Darkest color in cooler temps. Super flowerful.

**Cinco de Mayo™**

**Floribunda • cv. WEXcobeju • Pat.#21,709**

The clusters of blooms never stop poppin’ open on this powerfully flowerful Floribunda. Mysteriously colored & deliriously novel...it’s an indescribable blending of smoked lavender & rusty red-orange. Yet it’s perfectly blendable with any color in the garden, whether it’s atop a rose tree, planted in mass or nestled amongst your favorite perennials. The super-clean glossy-green foliage mirrors the flowers, adding even more pizzazz to this bushy rounded flower factory. Smokier when it’s cool outside.

**Flower Color:** Smoky lavender & rusty red-orange blend  
**Height/Habit:** Medium/Rounded & bushy

Colorific™
Floribunda • cv. WEKpalajaro • Pat.#23,174

Big pointed buds swirl open to show off seductive shades of peach, coral & salmon. But the color display doesn’t stop there. The sun ‘suntans’ each petal… blushing them into deeper tones of orange, scarlet & burgundy. Strong long stems make it a great addition to any cutting garden. And the clean deep green glossy leaves are lovely in the landscape, too. Best flower size in cooler conditions.

Distant Drums
Shrub/Floribunda

Stop, look and listen up! Here’s a striking color amongst the hardy roses released by the late Dr. Griffith Buck. **Distant Drums** grows much like a Floribunda in habit, drumming out clusters of pointed brunette buds that swirl open to reveal ruffles washed with orchid pink. All this set to music against dark green foliage makes for a toe-tapping commotion in the landscape. Long lasting flowers are ideal for bouquets. Unique, smooth, porcelain-like petals are stunningly beautiful.

**Frida Kahlo®**
Floribunda • cv. WEKcifrabaun • PPAF

As an emblematic artist of Mexico, world-acclaimed painter Frida Kahlo needs no further introduction. She once said “I paint flowers so they will not die.” Like the flowers she immortalized in her art, the rose **Frida Kahlo** is a lively, colorful reminder of her enduring spirit. Just as Frida is one of the most recognizable artists for her unique style, the scarlet red & gold striped flowers of **Frida Kahlo** are also one of a kind in the rose world. The swirl of colors intensifies as the flowers age, adding a red blush as the final touch. Like any painting needs a good stand, the flowers are set in small clusters on a healthy disease resistant plant with clean glossy leaves. If you are one of Frida’s followers or simply a rose lover, join the Fridamania by adding a piece of art to your garden with the striking vibrant rounded flowers produced abundantly on the compact upright vigorous plants.

**Julia Child**

*Floribunda* • cv. *WEKvossutono* • Pat.#18,473

Just before our wonderful American icon left us, she selected this exceptional rose to bear her name. Julia loved the even butter gold color & the licorice candy fragrance. The perfectly rounded habit, super glossy leaves & great disease resistance finish off the dish. Consistent, hardy and floriferous in all climates. Very disease resistant. During warm, humid conditions, Blackspot will cause some leaf defoliation, but *Julia Child* tolerates disease very well & continues to bloom in spite of leaf damage.

Flower Color: Butter gold

Jump for Joy™
Floribunda • cv. WEKnewchi • Pat.#26,819

Lusciously lovely, delectable peachy-pink color sets apart this sister seedling of Sparkle & Shine. They may have their differences (peach pink vs. deep yellow). But, like most sisters, they share some likenesses, too. Both are distinctive because of their large showy clusters, long-lived flowers with lovely color, round bushy super-flowerful habit, loads of glossy green leaves & consistent dark red new growth. Buy ‘em both & let these sisters battle it out for who’s the best in your garden.

**Flower Color:** Peachy-pink

Ketchup & Mustard™
Floribunda • cv. WEKazette • Pat.# 23,289

Slap a layer of the brightest red onto a backside of darkest yellow & set it atop the greeniest glossiest leaves. Better yet, the flowers hold on to their attention-getting tones to the very end...dropping from the well-behaved rounded plant just in time to welcome the next round of abundant bloom. Tidy enough to tuck into a landscape, lend an accent to a container or top a rose tree. No buns or weenies required. Best flower size in cooler conditions. Bold & beautiful!

**Flower Color:** Ketchup red/mustard yellow bicolor  
**Height/Habit:** Medium/ Rounded & bushy

Koko Loko™
Floribunda • cv. WEKbijou • Pat.# 23,269

So unusual...it looks good enough to eat...or maybe drink in this case. You just can’t imagine a milky chocolate-colored bud would mature to be a solid soft lavender blossom. Early to bloom, every lovely bud spirals open with impeccable show form. The flowers last long on the plant & in the vase. Beyond its novelty, there lies a great plant....rounded, handsome & bushy...chock full of green leaves. Warm weather brings out the lavender.

**Flower Color:** Milk chocolate changing to lavender

Lava Flow
Floribunda

*Lavaglut*, German for lava flow, is not an easy name... but ’tis a great rose. Large glowing clusters of deep velvety red seem to continually ‘erupt’ from a blanket of glossy green leaves, creating a display that will warm your heart. This import from the Kordes family bears very long-lived ruffled flowers atop a well-behaved upright plant. A proven consistent performer.

**Flower Color:** Near black-red  
**Height/Habit:** Medium-low/Upright, bushy  
**Bloom/Size:** Medium-small/Full, large clusters (25 to 30 petals)  
**Re-Bloomer:** Repeat blooms throughout season

**Life of the Party™**
Floribunda • cv. WEKjasitwe • Pat.#31,861 • Huntington’s 100™

This rose is a party animal when it comes to flower production. The cuppy yellow old-fashioned flowers are kissed with a pink blush when the party is over, but not too early, keeping the coloration until the petals drop. If you are too shy to invite your neighbors for a garden party, don’t worry as the strong fruity smell that EXUDES from its flowers will serve as a formal invitation & attract people from far away! The long lasting blossoms are enthusiastically produced in medium sized clusters on top of an upright & bushy plant. The clean dark glossy green leaves are feeding the flower production by generating the needed energy so the party can go on & on & on!

**Flower Color:** Yellow kissed with pink on finish  
**Height/Habit:** Medium/Upright & bushy  
**Bloom/Size:** Old-fashioned, cuppy & very double / Medium, around 3-3½ inch diameter, medium sized clusters (55 to 65 petals)

Floribunda • cv. HArwelcome

All you have to do is just stick it in the ground, give it a little water, kick back and watch it grow. The foliage is so glossy green and free from black spot that the bush looks great even without flowers. But you won’t have much of an opportunity to see just leaves ‘cause it blooms up a storm. Scrumptious flowers of showy apricot-orange will light up your landscape. Very consistent in all climates.

Morning Glow™
Floribunda • cv. WEKpiflaspas • PPAF

Wake up to a brand new morning with this fresh Floribunda. Our Morning Glow Floribunda rose combines dark green foliage, outstanding bud form, and large, nearly 4” across, old-fashioned blooms in a silky ginger-root yellow. That gorgeous contrast, along with its light tea fragrance, will set Morning Glow apart from all the other roses in your garden. Floribunda roses are defined by their large, full clusters of flowers and this new variety is no exception, with romantic sunrise colors in large, bowl-shaped blooms. Excellent color retention and strong disease resistance.

Oh My!®
Floribunda • cv. WEKcisfrabo • Pat.#24,728

This is the red that Americans love…deep, velvety, bright, and long-lasting...it’s just right. Better yet, that color comes in great clusters of ruffled flowers showing off against the backdrop of glossy dark red-green leaves with very good tolerance of Rust and Powdery Mildew. The bushy full plant could be used as a flowerful hedge, a showy mass planting or just by itself...a red beacon for the American garden. Cooler temps bring out the best flower form.

Pumpkin Patch™
Floribunda • cv. WEKmongros • Pat.#21,605
A color so scrumptious, it looks good enough to eat... and you certainly can if you watch out for the thorns. But it may not be the sticky sweet treat you’d expect for the delectable pumpkin-pie caramel color. Buttery-rich coppery buds open into clusters of orange beauties held tightly against shiny green leaves—like happy jack o’lanterns nestled in the field. It’s lip-smackin’ for the landscape and certain to delight on the very first flower. Appreciates a little afternoon shade.

Flower Color: Caramel orange
Height/Habit: Medium/Rounded & bushy
Bloom/Size: Medium, in large clusters (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Light fruity (Rating: 1/10)
Cut Flower: No

Purple Tiger
Floribunda
Purple Tiger is an extremely novel beauty. Not just every flower, but every petal is a varying masterpiece of amazing purple, lavender & white stripes, streaks, flecks, dots & dashes. Plus there’s a powerful perfume of citrus blossom & rose. She’s a little fussy to grow as roses go. But each blossom will convince you to keep up the effort. Best flower size & purple color in cooler conditions.

Flower Color: Striped & flecked purple & white
Height/Habit: Medium-low/ Rounded
Bloom/Size: Medium/Very double, in nice clusters (35 to 40 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Citrus blossom & rose (Rating: 10/10)

Queen of Elegance™
Floribunda • cv. WEKjucstokol • Pat.#32,810
How would you feel about adding a touch of royalty to your garden? Roses are already known as the queen of the flower world but with Queen of Elegance you are getting multi-petaled, old-fashioned medium pink and large flowers worthy of a monarch! The blooms are certainly sophisticated and elegant but the strong rose perfume is what make this variety deserving of belonging to the aristocracy. Each long-lasting and non-fading blossom invites you to bury your nose to inhale the perfume of ‘old time’ roses of your dreams. Her eminence is also an excellent garden variety as the upright vigorous plant is robed with glossy dark green foliage, holding the refined blooms at the right height for your satisfaction.

Flower Color: Medium pink
Height/Habit: Medium-tall/Upright
Bloom/Size: Very double & full/Large, around 3½- 4½ inch diameter (40 to 90 petals)

Rosie the Riveter™
Floribunda • cv. WEKzazou • Pat.#31,190

**Rosie the Riveter** pays tribute to the women who worked in factories and shipyards during World War II. The old-fashioned unusual flowers of orangey-gold suffused with pink are surely reminiscent of that era. The exquisite pointy and shapely buds are proudly held on top of very glossy dark foliage as a feminine symbol of charm and strength. A flower representing a women’s cultural icon without fragrance would not work. The moderate fruity & spice fragrance is the perfect complement. Like the tireless Rosies, the even rounded plants of Rosie the Riveter are the workhorse of the garden, producing an arsenal of flowers. Maximum flower power?

- **Flower Color:** Orangey-gold suffused with pink with gold reverse
- **Height/Habit:** Medium/Rounded & bushy
- **Bloom/Size:** Old-fashioned & double/Medium, 3-3½ inch diameter (30 to 45 petals)

Scentimental
Floribunda

Each petal is as unique as a snowflake—some more cream-swatched-red—some more burgundy-splashed-white, all on the same vigorous plant. The old-fashioned form & fragrance may remind you of its stingy blooming ancestors. Yet the nearly continuous number of blossoms lets you know there’s modern kinfolk in there, too. Distinctive clean quilted foliage. Best color & size in moderate temps.

- **Flower Color:** Burgundy-red swirled with creamy white
- **Height/Habit:** Medium/Rounded

## Therese Bugnet

*Rugosa • Zone 3 to 8*

This hardy disease resistant Rugosa is named for the hybridizer’s daughter (pronounced boo-A). As is common with the Rugosa species, her shrubby plant is very hardy and covered with quilted grey-blue-green leaves of unsurpassed disease resistance. Her long lilac-pink buds open to large ovely scented blossoms. Avoid chemical sprays.

**Flower Color:** Lilac-pink

**Height/Habit:** Medium/Round and shrubby

**Bloom/Size:** Large, full (35 to 40 petals)

**Re-Bloomer:** Repeat blooms throughout season

**Fragrance:** Moderate spicy (Rating: 5/10)

**Cut Flower:** No

---

## Moje Hammarberg

*Rugosa • Zone 3*

Like all her Rugosa cousins, this European creation is perfectly disease resistant but much more compact, rounded and floriferous than her other kin. Larger flowers than other rugosas, blooms even in the heat. A more compact & floralful version of **Hansa**.

**Flower Color:** Reddish-violet

**Height/Habit:** Medium/Rounded

**Bloom/Size:** Medium-large, double (20 to 25 petals)

**Re-Bloomer:** Repeat blooms throughout season

**Fragrance:** None (Rating: 0/10)

---

## Rosa rugosa 'Alba'

*Rugosa • Zone 2 to 8*

Big single flowers with yellow tufted stamens sit atop deep green quilted leaves. The very round bushly clean plants are known for their hardiness and tolerance to salt sea conditions. Fat round bright red hips give a bonus of fall color, providing food for local wildlife. Mostly spring blooming, likes Northern coastal conditions.

**Flower Color:** White

**Height/Habit:** Medium/Bushy & round

**Bloom/Size:** Medium-large, single (5 petals)

**Re-Bloomer:** Springtime, sporadic throughout summer

**Fragrance:** Moderate rose (Rating: 5/10)

---

## Persian Yellow

*Foetida • Rosa foetida persiana • Zone 3a*

The double pure yellow cousin of Austrian Copper is highly prized for many of the same qualities. The very hardy cold-tolerant shrubby plant gives an unbelievable display of eye-popping yellow color. The double flower form was quite a rare treasure in its day. Does best in harsher climates.

**Flower Color:** Vibrant dark yellow

**Height/Habit:** Large/Shrubby

**Bloom/Size:** Small, in clusters (20 to 25 petals)

**Re-Bloomer:** Springtime only

**Fragrance:** None (Rating: 0/10)

---

## Hansa

*Rugosa • To Zone 8*

All the good, rugged features of the Rugosa species are combined with big shapely buds and richly-colored fragrant flowers in this old hardy favorite. Great for barrier plantings in cold climates. Attractive fall color and red hips in the fall. Avoid chemical sprays. Drought resistant. Disease free.

**Flower Color:** Vibrant violet-red

**Height/Habit:** Medium-tall/Bushy round shrub

**Bloom/Size:** Large, full about 30 petals

**Re-Bloomer:** Repeat blooms throughout season

**Fragrance:** Very spicy clove (Rating: 10/10)

Cupid’s Kisses®
Patio Climber • cv. WEKtriscala • ®

With a shorter and more compact habit than full size Climbers, Cupid’s Kisses is just the right height to bring enjoyment to more confined areas of the landscape. Cupid’s Kisses’ flowers have a distinctive ‘pink lipstick’ that shows on the white petal base color. The pink coloration does not go deep in the flower leaving a ‘white eye’ effect. With the prolific number of flowers produced in medium sized clusters by this little climbing machine, the pink and white combo presents quite a show way until late in the fall!

Flower Color: Cerise pink with a large white eye

18” Patio Trees
18” Patio Trees are produced by budding our popular Patio roses and small Shrub varieties onto an 18” Dr. Huey trunk.

24” Patio Trees
24” Patio Trees use Floribunda and Shrub varieties budded onto a 24” trunk. 18” and 24” Patio Trees can fulfill your need for formal landscape accents in smaller spaces. Create special colorful containers by surrounding the trunk with flowering annuals.

36” Standard Trees
Standard Trees are husky two-year-old plants grown on a sturdy 36” rootstock. We offer a broad selection of popular varieties, unusual weeping types and new intros.

36” Two-fer™ Trees
Weeks’ 36” Two-fers are guaranteed to cause quite a clamor in your garden. Imagine the excitement of two colors of flowers on just one tree. We’ve carefully selected two different varieties that are perfectly balanced in flower size, floriferousness, foliage and habit to bud onto our sturdy 36” rootstock. A real attention-grabber!
