**Angelic Veil™**

*Hybrid Tea • cv. WEKselyan • PPAF*

The exquisite, classically-formed, pink with white picotee blooms of *Angelic Veil* are a breathtaking, visual feast for the eyes. Each double, spiraled bloom, measuring 3 ½ to 4 ½” in diameter, is a delicate assembly of 25 to 35 petals that weaves a tapestry of softness and color. Combine the visual display with the citrus-infused, moderately fruity aroma and your senses will truly feel heavenly. This beauty ascends to an upright majestic height of 2 ½ to 6 ft and sprawls out moderately to 2 to 3 ft. The glossy dark green foliage offers robust resistance against Powdery Mildew and Rust, ensuring its beauty remains unfettered throughout its blooming season from late Spring to Fall.

2025 Rose Introductions
Rose Awards & Information Descriptions

The world of roses is ever-changing. Each year rose lovers are blessed with dozens of new introductions of all classes & colors with an increasing selection of fragrant & disease-resistant roses. The Weeks Roses breeding program is very honored to have won prestigious awards all across the globe. Throughout our catalog you will see icons indicating awards our rose have won. Below you will find information on the organizations behind the awards.

**Weeks Roses**
**New for 2025**
**Wasco, CA**

Each year Weeks Roses evaluates 175,000 seedlings from our breeding program. After 8 to 10 years of rigorous further evaluation, only 4 to 6 varieties are chosen for introduction. New varieties must be superior to other roses to be chosen as a Weeks New variety. These roses are denoted by this icon.

**American Garden Rose Selections**
**(AGRS)**
**Multiple Locations**

Rose varieties credited with the AGRS award are those that have produced outstanding results in numerous growing environments across the United States. The vigorous testing provides credible insight and is a key indicator of the most reliable rose varieties in the country.

**International Fragrant Rose Trials**
**Nagaoka, Japan**

The International Fragrant Rose Trials were started to encourage the appreciation of the beauty of fragrant roses, and to further develop the fragrant rose garden at Echigo Misaki Park. All roses are planted and brought up for two years under exactly the same conditions in the snow and cold region of Japan.

**American Rose Society**
**(ARS)**
**Shreveport, LA**

The American Rose Society offers numerous awards for every rose variety. Entries are accepted from amateur and professional growers, and criteria vary across awards.

**American Rose Trials for Sustainability**
**(ARTS)**
**Portland, Maine**

Two ARTS awards are offered annually. Regional winners are varieties that average better overall score than a local control rose planted in an ARTS trial garden. ARTS Master Roses are exceptional varieties that outperform a control rose across four different climate regions.

**Royal Horticulture Society Award of Garden Merit**
**Wisely, United Kingdom**

The RHS Award of Garden Merit helps gardeners in the United Kingdom choose not only the best roses for their gardens but the best plants. Awards are given after a trial period and a round table discussion to debate the characteristics and garden performance that the Society is unable to trial.

**All-America Rose Selections**
**(AARS)**
**Multiple Locations**

For over 70 years, the AARS was the preeminent trial and award program. Rose varieties were evaluated over a two-year period on numerous characteristics, including hardiness, flower, & fragrance.

**Biltmore International Rose Trials**
**Asheville, NC**

Biltmore International Rose Trial were hosted in the rose gardens at Biltmore. A independent jury tested and scored planted varieties with the goal of providing baseline criteria to home gardeners about which roses produce the strongest results.

**Portland’s Best Rose**
**Portland, OR**

For 115 years, the Portland Rose Society has maintained a high-quality and well-sought-after awards program. This annual award is presented to rose varieties that demonstrate superior results when grown in the Pacific Northwest region. Every distinguished variety is honored with inclusion in the Gold Award Garden.

**Disease resistance displays** detailed in this catalogue are not guarantees, but the summary results of field trials in various locations in the United States. For best results, regular nutrient feeding and care, particular to your location will help provide the most vigorous, beautiful and disease resistant roses. Spraying where appropriate for local conditions in addition to the particular variety natural resistance will help insure success.

Fun in the Sun®
Grandiflora • cv. WEKpupmobalip • Pat.#33,325

This new Grandiflora maintains its color to the end and provides a delightfully intense, fruity scent, inviting butterflies and other pollinators to the garden. It's a true English-style rose that contains 60 to 85 petals in each of its 3 to 4" flower heads, appearing in clusters of 5 or 6 blooms per stem. True to its name, Fun in the Sun thrives in full sun with thorough watering early in the day. It's perfect for bringing a sophisticated ambiance to border gardens. We love it as an eye-catching focal point in bouquets and vases, too.

**Flower Color:** Gold suffused with pink  
**Height/Habit:** Medium / Upright  
**Bloom/Size:** Old-fashioned, cuppy & very double / Medium-large, 3 to 4 inch diameter, in small clusters (60 to 85 petals)

14 Hybrid Tea & Grandiflora Roses
Heavenly Scented™
Hybrid Tea • cv. W.E.Kvodemer • Pat.#35,143

Heavenly Scented Hybrid Tea Rose has everything you desire from a long stemmed rose, delivered in a beautiful conch pink. Hybrid teas are known to produce one large flower per stem, making them the quintessential cutting rose. The strong, sweet fragrance beloved by rose gardeners travels with each cut flower. In the garden, Heavenly Scented grows in an upright habit and has a strong resistance to downy mildew and rust. Good color retention means that these roses won't lose their bright prawn-pink hue in the sun.

**In the Mood™**  
*Hybrid Tea • cv. WERfranco • Pat.#19,373*

Nothin' says lovin' like a red rose. But here's a really-red rose that turns up the heat with big round petals virtually dripping with super-saturated redness. Each big buxom blossom holds that very same brilliance until they fall exhausted from the bushy prolific plant. The long lovely stems are swathed in gobs of gray-green leaves. If red is your thing, then this is the "it" rose for you. Clear color in any weather. Improves with establishment.

**Flower Color:** Vivid true red  
**Height/Habit:** Medium / Upright, bushy  
**Bloom/Size:** Large, double, classic Hybrid Tea (25 to 30 petals)  
**Fragrance:** Mild tea (Rated 1/10)

Monstrous buds & humongous blossoms of rich ruby red hold their
durable brilliance from beginning to end. Immense petals (just one
can cover a child’s palm) lend a classical Hybrid Tea bud shape,
slowly spiraling open to a ruffled whopper of a show-stopper. Large
lettuce-like leaves of an unusual red-green color gracefully enrobe
the long cutting stems—in perfect proportion to the flower. Most
massive in the spring.

Miss Manners

Grandiflora • cv. WEKamylicas • PPAP

It was once opined that the sign of good manners is the ability to put up with bad ones. Miss Manners Grandiflora can take your noisiest winters and most impolite garden pests with grace and poise. This Grandiflora starts the season with shapely buds that open to flowers of up to 60 petals each. An attractive and compact rose, Miss Manners produces deep pink roses with an old-fashioned, English-style appearance and a moderate, fruity fragrance. Hardiness to at least Zone 6, along with excellent disease resistance to powdery mildew, downy mildew, and rust make this rose both strong and beautiful. You’ll enjoy excellent color retention, too.

Parade Day™
Grandiflora • cv. WEKmeroro • Pat.#20,990

Remember the excitement of lining up in the street as a child to see a parade? Well, we took care of bringing this joy into your garden with the rose Parade Day. The swirl of bright white and fuchsia pink novel coloration brings to mind the movements of the floats. And don't worry - the show will not be over soon as the flower color holds until the petals drop, just as fond childhood memories include both sights and smells, Parade Day blooms profusely with elegant buds and flowers accompanied by a very pleasant strong citrus-like fragrance with hints of spice. The petals of each bud are perfectly organized like a well-synchronized marching band. The rhythm created is enhanced with attractive large foliage on a well-covered vigorous plant. Now, let's bring family and friends into the garden to enjoy the performance!

**Smokin’ Hot®**

*Hybrid Tea • cv. WEKmopapa • ®*

This rose is the proof of the old adage ‘there’s no smoke without fire’. You can clearly see the smoky purple overlay on the fiery orange petals of Smokin’ Hot. Quite unique! Bring the fire indoors with an attractive bouquet of these novel flowers produced singly on long stems. The plant is a bouquet factory and the flowers will look gorgeous on the table or on the fireplace mantel. But don’t worry, you won’t burn yourself! This rose isn’t just all about flames and smoke. The combustion is cooled down by the glossy medium green background foliage. And just like ‘smoke rises’, so does this upright and very vigorous bush.

- **Flower Color:** Dark orange overlaid with purple smoke with white reverse
- **Height/Habit:** Tall / Upright to slightly spreading

As sweet and fashionable as its namesake, **Uptown Girl** is a must-have for a showy backyard garden or set in front of a bay window. An old-fashioned style rose, **Uptown Girl** blooms with the “quartered” look typical of English roses. Its petals are tucked into a cup shape, in serrated ranks with a scalloped appearance. Medium-sized, coral-pink flowers feature a darker reverse and outstanding color retention. If you haven't tried grandifloras, this is a great beginner's rose, thanks to its resistance to rust, powdery mildew, and downy mildew. Grandiflora roses are a combination of hybrid tees married with floribundas, and achieve the graceful blooms of a tea with the hardiness and zeal of the Floribunda.

**Flower Color:** Warm coral-pink with a deeper orange-toned interior

**Height/Habit:** Medium / Rounded & bushy

**Bloom/Size:** Old-fashioned, spiraled & fully double / Medium-large, around 3 1/2 to 4 1/2 inch diameter, mostly single (70 to 90 petals)

**Re-Bloomer:** Repeat blooms throughout season

**Arctic Blue™**

*Floribunda • cv. WEKblu/yitrar • Pat.#30,951*

The tons of lilac pink blossoms of the Arctic Blue rose are like a cold arctic breeze coming to your garden. The cool tones are chilled by the unique lavender blue finish and iced with cream on the reverse of the petals. The flowers hold up well, even in high heat. The very shapely flower buds open slowly, as if they were frozen in time at their most beautiful stage for longer enjoyment; the blooms are attractive to the very end when the opened flowers let go of their petals, showering the ground in iced lavender blue snow. The drought tolerant, vigorous plant is dressed with a glossy green winter jacket of leaves, isolating and protecting the upright bush from mother nature’s diseases, allowing the plant to produce a nonstop flowery snow storm.

**Flower Color:** Lilac pink fading lavender blue with cream reverse  
**Height/Habit:** Medium tall / Upright moderate spreader  
**Bloom/Size:** Medium, 3 to 4 inch diameter, medium-sized clusters (35 to 40 petals) / Spiraled, shapely & double

Frida Kahlo®
Floribunda • cv. WEKalschuman • Pat.#29,878
As an emblematic artist of Mexico, world-acclaimed painter Frida Kahlo needs no further introduction. She once said “I paint flowers so they will not die.” Like the flowers she immortalized in her art, the rose *Frida Kahlo* is a lively & colorful reminder of her enduring spirit. Just as Frida is one of the most recognizable artists for her unique style, the scarlet red & gold striped flowers of *Frida Kahlo* are also one of a kind in the rose world. The swirl of colors intensifies as the flowers age, adding a red blush as the final touch. Like any painting needs a good stand, the flowers are set in small clusters on a healthy disease resistant plant with clean glossy leaves. If you are one of Frida’s followers or simply a rose lover, join the Fridamania by adding a piece of art to your garden with the striking vibrant rounded flowers produced abundantly on the compact upright vigorous plants.

**Flower Color:** Scarlet red striped gold with red blush on finish  
**Height/Habit:** Medium / Upright, bushy  
**Bloom/Size:** Double / Medium-large, 3 to 4” diameter, in small clusters (25 to 40 petals)  
**Re-Bloomer:** Repeat blooms throughout season

Hot Cocoa®
Floribunda • cv. WEKpattles • Pat.#15,155
Mysterious, indescribable, elusive...whatever! There’s just no other rose color quite like this. Pointed buds of deep rust unfurl to reveal a chocolate haze of velvety smoked tones that can even take on a purply cast. Set against gobs of glossy foliage, the ruffled fragrant flowers are mirrored by supple green leaves. Easy vigor and natural disease-resistance make it a must for every garden. Keeps on smokin’ even when the weather turns warm.

**Flower Color:** Smokey chocolate orange  
**Height/Habit:** Medium-tall / Rounded

Julia Child
Floribunda • cv. WEKrossutono • Pat.#18,473

Just before our wonderful American icon left us, she selected this exceptional rose to bear her name. Julia loved the even butter gold color & the licorice candy fragrance. The perfectly rounded habit, super glossy leaves & great disease resistance finish off the dish. Consistent, hardy and floriferous in all climates. Very disease resistant. During warm, humid conditions, Blackspot will cause some leaf defoliation, but Julia Child tolerates disease very well & continues to bloom in spite of leaf damage.

**Flower Color:** Butter gold  
**Height/Habit:** Medium / Very rounded & bushy

Jump for Joy™
Floribunda • cv. WEKnewchi • Pat.#26,819

Lusciously lovely, delectable peachy-pink color sets apart this sister seedling of Sparkle & Shine. They may have their differences (peach pink vs. deep yellow). But, like most sisters, they share some likenesses, too. Both are distinctive because of their large showy clusters, long-lived flowers with lovely color, round bushy super-flowerful habit, loads of glossy green leaves & consistent dark red new growth. Buy ‘em both & let these sisters battle it out for who’s the best in your garden.

**Flower Color:** Peachy-pink

Life of the Party™
Floribunda • cv. WEKastiche • Pat.#31,861 • Huntington's 100®

This rose is a party animal when it comes to flower production. The cuppy yellow old-fashioned flowers are kissed with a pink blush when the party is over, but not too early, keeping the coloration until the petals drop. If you are too shy to invite your neighbors for a garden party, don't worry as the strong fruity smell that EXUDES from its flowers will serve as a formal invitation & attract people from far away! The long lasting blossoms are enthusiastically produced in medium sized clusters on top of an upright & bushy plant. The clean dark glossy green leaves are feeding the flower production by generating the needed energy so the party can go on & on & on!

**Flower Color:** Yellow kissed with pink on finish  
**Height/Habit:** Medium / Upright & bushy  
**Bloom/Size:** Old-fashioned, cuppy & very double / Medium, around 3 to 3 ½ inch diameter, medium sized clusters (55 to 65 petals)

42 Floribunda Roses
Morning Glow™
Floribunda • cv. WEKpfiaspas • Pat.#35,155

Wake up to a brand new morning with this fresh Floribunda. Our Morning Glow Floribunda rose combines dark green foliage, outstanding bud form, and large, nearly 4” across, old-fashioned blooms in a silky ginger-root yellow. That gorgeous contrast, along with its light tea fragrance, will set Morning Glow apart from all the other roses in your garden. Floribunda roses are defined by their large, full clusters of flowers and this new variety is no exception, with romantic sunrise colors in large, bowl-shaped blooms. Excellent color retention and strong disease resistance.

Flower Color: Soft gold

Pumpkin Patch™
Floribunda • cv. WEKmongros • Pat.#31,605

A color so scrumptious, it looks good enough to eat...and you certainly can if you watch out for the thorns. But it may not be the sticky sweet treat you’d expect for the delectable pumpkin-pie caramel color. Buttery rich coppery buds open into clusters of orange beauties held tightly against shiny green leaves—like happy jack o’lanterns nestled in the field. It’s lip-smackin’ for the landscape and certain to delight on the very first flower. Appreciates a little afternoon shade.

Queen of Elegance™
Floribunda • cv. WEKjucstokol • Pat.#32,810

Roses are already known as the queen of the flower world but with Queen of Elegance you are getting multi-petaled, old-fashioned medium pink and large flowers worthy of a monarch! The blooms are certainly sophisticated and elegant but the strong rose perfume is what make this variety deserving of belonging to the aristocracy. Each long-lasting and non-fading blossom invites you to bury your nose to inhale the perfume of 'old-time' roses of your dreams. Her eminence is also an excellent garden variety as the upright vigorous plant is robed with glossy dark green foliage, holding the refined blooms at the right height for your satisfaction.

Rosie the Riveter™
Floribunda • cv. WEKzazou • Pat.#31,190

Rosie the Riveter pays tribute to the women who worked in factories and shipyards during World War II. The old-fashioned unusual flowers of orange-y gold suffused with pink are surely reminiscent of that era. The exquisite pointy and shapely buds are proudly held on top of very glossy dark foliage as a feminine symbol of charm and strength. A flower representing a women’s cultural icon without fragrance would not work. The moderate fruity & spice fragrance is the perfect complement. Like the tireless Rosies, the even rounded plants of Rosie the Riveter are the workhorse of the garden, producing an arsenal of flowers. Maximum flower power?

Care to dance? Cause ‘Lady in Red...she’s dancing with me’... with her long climbing arms. Don’t worry, she won’t invade your dancing space as the plant is well contained and more compact than many Climbers. The lady was born and raised in the USA, with her flowers bearing the true classic AMERICAN red coloration. That means no hues of pink or blue all the way to the end of the flower’s life. The large ruffled old-fashioned blossoms will take your breath away and falling in love with this lady is the only possible outcome. Are you ready to dance the night away? You better be because the vigorous plant generates bounteous flowers just waiting for a dance partner.

Purple Splash™
Climber • cv. WEKspirit • Pat.#22,469

Imagine Weeks' famous Fourth of July rose in shades of purple. Although they're distantly related, this kissin' cousin blooms in even larger, more pyramid-shaped clusters of flowers & doesn't have nearly the thorns. Set these splashy colors against bright Granny Smith-green foliage & you've got a killer combo for any fence, wall or trellis. Vigorous, clean & free-flowering... it repeat blooms readily in the very first year. More stripes show up in cooler weather.

**Color:** Wine purple striped with bright white

Climbing Roses
Tropical Lightning™
Climber • cv. ORAmodsen • Pat.#28,055

The tropical warmth comes in the form of rich sunset-like orange while the dazzling lightning is generated by bright cream stripes. The effect is accentuated by a layer of purple smoke creating a burnt orange combo, perfect for a stormy sky! Each perfectly shaped bud & flower will hold that CRAZY novel color for days & the prolific and vigorous plant, which reaches maturity & full display in 3 years, will only slow down the flowering as it transitions into winter. If the extraordinary bloom colors were not enough, Tropical Lightning presents some of the glossiest leaves of all roses contrasted by the burgundy red new shoots!

**Cosmic Clouds™**
Large Shrub/Climber • cv. WEKblufstow • PP16863

With magenta-purple flowers offering up a cloud-white reverse, *Cosmic Clouds* shows off a different color combination at every angle and adds intrigue as well as volume to the rose garden. *Cosmic Clouds* can be trained as a climber in Zones 8 to 10, and in colder zones, it performs wonderfully as a large shrub. Flowers appear in medium or large clusters, grouped in sets of three to ten blooms. Extremely full, each rose blossom is packed with over 75 petals and opens up to three inches in size. *Cosmic Clouds* is a fragrance fan’s dream, with a strong, fruity scent that lasts in the vase. This rose fights off Powdery Mildew, Downy Mildew, and Rust with ease.

Easy on the Eyes™
Medium Shrub • cv. WEKsweechy • Pat.#29,984

Pleasant to look at? Attractive? Good looking? Oh yeah! All of those describe this member of the Easy-To-Love® rose collection. Decades of hybridizing to enlarge the magenta purple eye to its current size has resulted in an extremely novel color combo with the lavender pink flower coloration. The term floriferous falls short when talking about the number of flowers covering the entire rounded plant. There are so many flowers held in large clusters that you can barely see the lovely clean dark green and glossy foliage. Rest assured of the foliage’s presence. We raised the bar on ‘DISEASE RESISTANCE’, assuring that the plant will stay well-dressed during the growing season. The moderate citrus-like & spices fragrance completes the seduction and guarantees a premium spot in the garden of whichever state you live in!

Forever and Ever® Pink
Shrub • cv. WKNeflosprīf • ®

This rose produces wave after wave of multi-petaled flower heads, even in part-shade. Each ombre-hued flower begins its journey as a deep pink bud, and then blooms into a beautiful pastel pink with a yellow center. These roses are fragrant, too, with a classic tea scent to delight guests and attract pollinators. The flowers don’t entirely steal the show, though: Forever and Ever also offers shiny, deep-green foliage with exceptional resistance to disease. These roses bring timeless beauty to your garden, without the need to spend “forever” pampering them!

**Party Hardy™**

Large Shrub • cv. DARCandar • Pat.#21,449

It’s a ‘party’ cause of the big old-fashioned bright pink blooms that arrive in showy clusters. It’s ‘hardy’ because it was bred in Canada & has proven to be perfectly adapted for harsh winters. Actually it prefers those conditions without winter protection in Zone 3! The shrubby full plant keeps its clean green foliage to the ground, growing like mad as a result. It’ll stand head & shoulder above the other roses in very cold winter climates.

Ownroot Shrub Roses 59
Sultry Night™
*Shrub • cv. WERosypaute • PPAF*

*Sultry Night* features large flowers in magenta pink with hints of blue. Each petal has a lighter reverse, adding a mystical shine to this shrub rose and an unforgettable hue to the garden. While the flower size of this shrub rose is smaller than the bloom size of Floribunda roses, clusters of eight to fifteen large blooms open at once for a fairytaile display of color. Resistant to powdery mildew and rust, this magical rose shrub will have you spellbound.

**Flower Color:** Magenta fading magenta-purple with lighter reverse

**Height/Habit:** Medium-small / Bushy rounded

**Bloom/Size:** Old-fashioned, cuppy & very double / Medium, around 3 inch diameter, in medium sized clusters (60 to 100 petals)

**Re-Bloomer:** Repeat blooms throughout season

**Fragrance:** Moderate sweet grapefruit (Rated 5/10)

**Cut Flower:** No

Sunny Knock Out®
*Medium Shrub • cv. RADsunny • Pat. #18,562*

It wouldn’t bear the famous trademark, unless it carried the same great black spot resistance. In roses, deep lasting yellow color is going to be difficult to genetically combine with cleanliness. Yet Sunny gives a good effort with loads of yellow buds that pop open to white single flowers on a full bushy rounded plant. Appreciates a little afternoon shade. Zone 4 to 11.

**Flower Color:** Pale yellow-white

**Height/Habit:** Medium / Rounded & compact

**Bloom/Size:** Medium, single (5 to 7 petals)

**Re-Bloomer:** Repeat blooms throughout season

**Fragrance:** Slight (Rated 1/10)

**Cut Flower:** No

**Zone:** 4 to 11 (Hardy Zones 6 to 11)

Take It Easy®
*Medium Shrub • cv. WERYoopedko • Pat. #26,816*

Take It Easy, relax and enjoy life! You won’t have much work to do in the garden after planting this new rose for which natural disease resistance is a true statement. The dark green, shiny & healthy foliage is the perfect background to showcase the many blooming buds and flowers. Of a classic red color, this dynamite of a rose has ideal pointy and very elegant buds. The red coloration doesn’t go too pink or blue as the petals are falling away. A touch of lighter pink on reverse lights up the show of this blooming ‘machine’. And that’s not all! The plants excelent vigor and the naturally self maintained habit are other reasons why you can Take It Easy!

**Flower Color:** Red with lighter reverse with a white eye

**Height/Habit:** Medium / Upright & bushy

**Bloom/Size:** Medium / Globular, cuppy (15 to 25 petals)

**Re-Bloomer:** Repeat blooms throughout season

**Fragrance:** Slight tea (Rated 1/10)

**Cut Flower:** No

60 Ownroot Shrub Roses
Top Gun™
Medium Shrub cv. WESmorialh • Pat.#29,699

Top Gun – The Best of the Best. That’s a true statement as this variety has excellent ‘DISEASE RESISTANCE’ to major rose diseases. Just this fact alone makes it a very good new introduction for the landscape. But, with the added resistance to Rose Rosette Disease, it’s truly the Best of the Best. In multiple years of trials throughout the Eastern United States, Top Gun came out standing proud untouched by Rose Rosette where most other varieties showed symptoms of infection. That’s quite amazing! The top-ranked variety is also a high performer when it comes to bloom production. The rounded bushy well-behaved plant produces vigorous stems ending with clusters of long-lasting dark red flowers. For top flowering performance in the garden and outstanding clean foliage in most climates, look no further than Top Gun!

Flower Color: Red with a dark suffused with burgundy
Height/Habit: Medium / Rounded & bushy
Bloom/Size: Semi-double / Medium, 2½ to 3 inch diameter, in small clusters (About 10 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate fruity (Rated 6/10)

Watercolors Home Run®
Medium Shrub cv. WELSolecibarko • Pat.#28,656

The ever-changing yellow gold blushing pink flowers of the new player complete the lineup. Now we have a Major League All-Star team. Like in humans, there are similarities amongst family members in plants. The Home Run varieties are well known for their ‘NATURAL DISEASE RESISTANCE’, well-behaved rounded habit and excellent flower production lasting from spring well into fall. And you’ll get all that with Watercolors Home Run! Nearly always in color with its big clusters, why don’t you enjoy the Seventh-inning stretch to relax and let this rose be the MVP of your garden!

Flower Color: Yellow-gold with pink blush
Height/Habit: Medium / Rounded & bushy
Bloom/Size: Single / Medium-small, around 2½ to 3” diameter, in large clusters (5 to 8 petals)

White Knock Out®
Medium Shrub cv. RADwhite • Pat.#20,273

White Knock Out redefines flower power. It will never stop blooming in the mildest area of the country, and the contrast between the deep dark, almost black foliage and the abundance of cream white flowers is staggering. Very compact and extremely disease resistant.

Flower Color: White
Height/Habit: Medium/Bushy & compact
Bloom/Size: Single, 3½” in diameter (4 to 8 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Slight citrus (Rated 1/10)

Playful Happy Trails™
Groundcover • cv. WEKrahatjaco • Pat.#33,323

Boasting a brand new coloration for its type, this sophisticated groundcover rose bears rich red blooms, each accented by a creamy white center. With a darker hue than has been seen in the Happy Trails series, Playful is sure to become a popular choice for covering bare sites in woodland gardens, landscape beds and along sunny front borders. Self-cleaning flowers have an old-fashioned rose appearance and emerge all summer long, emitting a light tea fragrance throughout the area. Like its predecessors, this newcomer is easy to grow and requires little maintenance or special care.

Flower Color: Medium red with large yellow eye zone
Height/Habit: Low / Trailing & spreading
Bloom/Size: Decorative & single / Small, 1 to 1 ½" diameter, in small clusters (5 to 7 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Slight Tea (Rated 1/10)

Rainbow Happy Trails™
Groundcover • cv. WEKsurdica • Pat.#28,655

"Somewhere over the rainbow", you'll fall in love with this treasure of a rose! The valuable gold comes in the form of beautiful flowers of vibrant yellow-gold blushed with pink on the edges of the petals. This is not just a one-time wonder as the flowers are abundantly produced throughout the year. Like the everlasting glitter of gold, the flowers are non-fading, holding their coloration until the petals drop. The habit of this vigorous good luck charm is neither rounded like a pot nor square like a treasure chest. As a true Groundcover with a trailing & spreading habit, the branches stay low to the ground to spread the rainbow throughout the garden.

Flower Color: Yellow-gold / Dark pink to light red blush
Height/Habit: Low/Trailing & spreading
Bloom/Size: Double, decorative & cuppy / Medium-small, around 2 to 2 ½", in medium-sized clusters (20 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild tea & fruity (Rated 1/10)

Rust Tolerance: Low Medium High
Powdery Mildew Tolerance: Low Medium High
Black Spot Tolerance: Low Medium High

Red Ribbons
Groundcover • Non-Patented

When it comes to bright glowing red Groundcover roses, this one's hard to beat. Nicely-sized showy flowers come in large clusters to drape over a wall or spill from a standard. Better yet, that killer color holds to the very end. Clean doubly-dark glossy green leaves round out the display on this super vigorous gem. Very consistent in all climates.

Flower Color: Bright lasting red
Height/Habit: Medium-low / Spreading
Bloom/Size: Medium, in large clusters (About 20 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Light (Rated 1/10)

Sunset Happy Trails™

Buds begin in a light peach surrounding yellow centers, before fading to a stunning seashell pink color. Thanks to its everblooming nature and glossy green foliage, **Sunset Happy Trails** is an outstanding groundcover—just like the others in this collection. Try the members of the Happy Trails collection in rock gardens, on hillsides, or in hanging baskets. Excellent resistance to downy mildew, black spot, and rust make this a perfect low-lying coverage plant, even in troublesome areas.

**Flower Color:** Salmon fading to light pink  
**Height/Habit:** Low / Trailing & spreading  
**Bloom/Size:** Decorative & semi-double / Small, around 1 to 1 1/2 inch diameter, in clusters (around 10 petals)  
**Re-Bloomer:** Repeat blooms throughout season

Sunshine Happy Trails™

“Some trails are happy ones. It’s the way you ride the trail that counts.” In this case, ‘trails’ is a perfectly chosen word as it describes the plant growth very well. The vigorous and floriferous plants are neither rounded nor compact. They are spreading and trailing low to the ground like a true Groundcover rose should do. To get sunshine every day in your garden even on cloudy days, there’s no better choice than this rose! The cheerful flowers are produced in abundance even in the fall on medium-sized clusters. And if you need to leave a trail of fallen petals to mark your way, rest assured that you’ll be able to see them clearly because the petals of this delightful variety will hold a nice yellow coloration until the end.

**Flower Color:** Medium yellow to buttery gold  
**Height/Habit:** Low / Trailing & spreading  
**Bloom/Size:** Semi-double / Medium-small 3” in medium-sized clusters (15 to 20 petals)  
**Re-Bloomer:** Repeat blooms throughout season

White Meidiland®

Of the Meidiland gang, White is the more manageable Groundcover with the largest flowers. Heavily petaled pure white blossoms make a good repeat show even in warm climates. Old rose style on a sturdy plant. Glossy deep green foliage. Hardy. Best performer in mild climates.

**Flower Color:** Pure white  
**Height/Habit:** Spreading canes reach 4 to 5 feet  
**Bloom/Size:** Medium-large / Very full (40 plus petals)  
**Re-Bloomer:** Repeat blooms throughout season

Tree Roses

18” Patio Trees
18” Patio Trees are produced by budding our popular Patio roses and small Shrub varieties onto an 18” Dr. Huey trunk.

24” Patio Trees
24” Patio Trees use Floribunda and Shrub varieties budded onto a 24” trunk. 18” and 24” Patio Trees can fulfill your need for formal landscape accents in smaller spaces. Create special colorful containers by surrounding the trunk with flowering annuals.

36” Standard Trees
Standard Trees are husky two-year-old plants grown on a sturdy 36” rootstock. We offer a broad selection of popular varieties, unusual weeping types and new intros.

36” Two-fer™ Trees
Weeks’ 36” Two-fer™s are guaranteed to cause quite a clamor in your garden. Imagine the excitement of two colors of flowers on just one tree. We’ve carefully selected two different varieties that are perfectly balanced in flower size, floriferousness, foliage and habit to bud onto our sturdy 36” rootstock. A real attention-grabber!

*Garden Roses That are Easy-To-Grow, Easy-To-Care For, Easy-To-Love!*
Tree Roses

18” Patio Trees
18” Patio Trees are produced by budding our popular Patio roses and small Shrub varieties onto an 18” Dr. Huey trunk.

24” Patio Trees
24” Patio Trees use Floribunda and Shrub varieties budded onto a 24” trunk. 18” and 24” Patio Trees can fulfill your need for formal landscape accents in smaller spaces. Create special colorful containers by surrounding the trunk with flowering annuals.

36” Standard Trees
Standard Trees are husky two-year-old plants grown on a sturdy 36” rootstock. We offer a broad selection of popular varieties, unusual weeping types and new intros.

36” Two-fer™ Trees
Weeks’ 36” Two-fers are guaranteed to cause quite a clamor in your garden. Imagine the excitement of two colors of flowers on just one tree. We’ve carefully selected two different varieties that are perfectly balanced in flower size, floriferousness, foliage and habit to bud onto our sturdy 36” rootstock. A real attention-grabber!
